55" PRO TOUCH SERIES

LINQ Pro Touch Series tablets combine powerful performance with a slim form factor to deliver interactive digital experiences. Designed for continuous commercial use, the tablets use AC-DC power, eliminating the need for battery power and making them ideal for fixed applications such as digital signage, self-service kiosks and interactive guided selling.

Equipped with a front facing camera and integrated sensors, the screens enable consumer detection, identify audience demographics and can deliver highly personalized customer experiences. A variety of I/O options provide the versatility to connect multiple accessories and peripherals to customize your solution. The robust content management platform provides integrated media scheduling and application, content and device management across diverse locations.
COMMERCIAL-GRADE RELIABILITY

Operate in rugged and demanding environments without interruption

ALL-IN-ONE INTELLIGENT SCREEN
